ELFOControl³ EVO

Product presentation

ELFOControl³ EVO

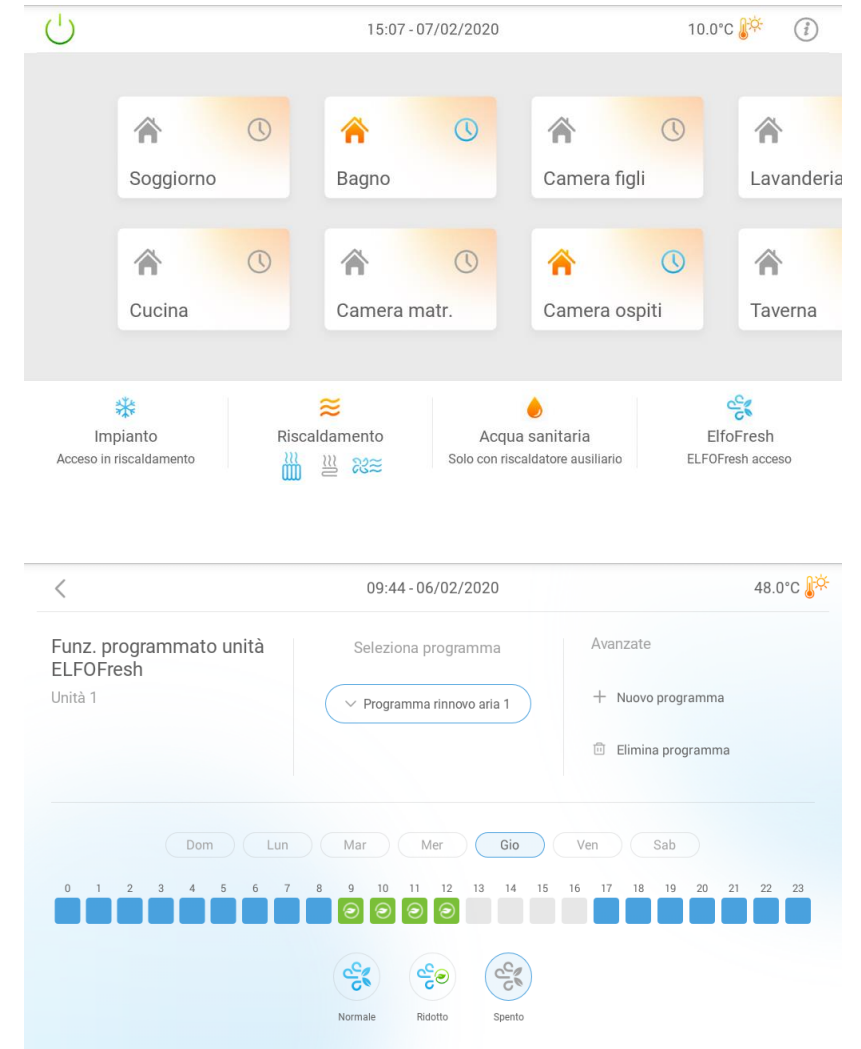

NEW GRAPHIC DESIGN, EASY AND INTUITIVE

Graphic design and ergonomics are essential requirements in the era of digitalization

Colors and icons are inspired to the new Clivet ALTO DESIGN line

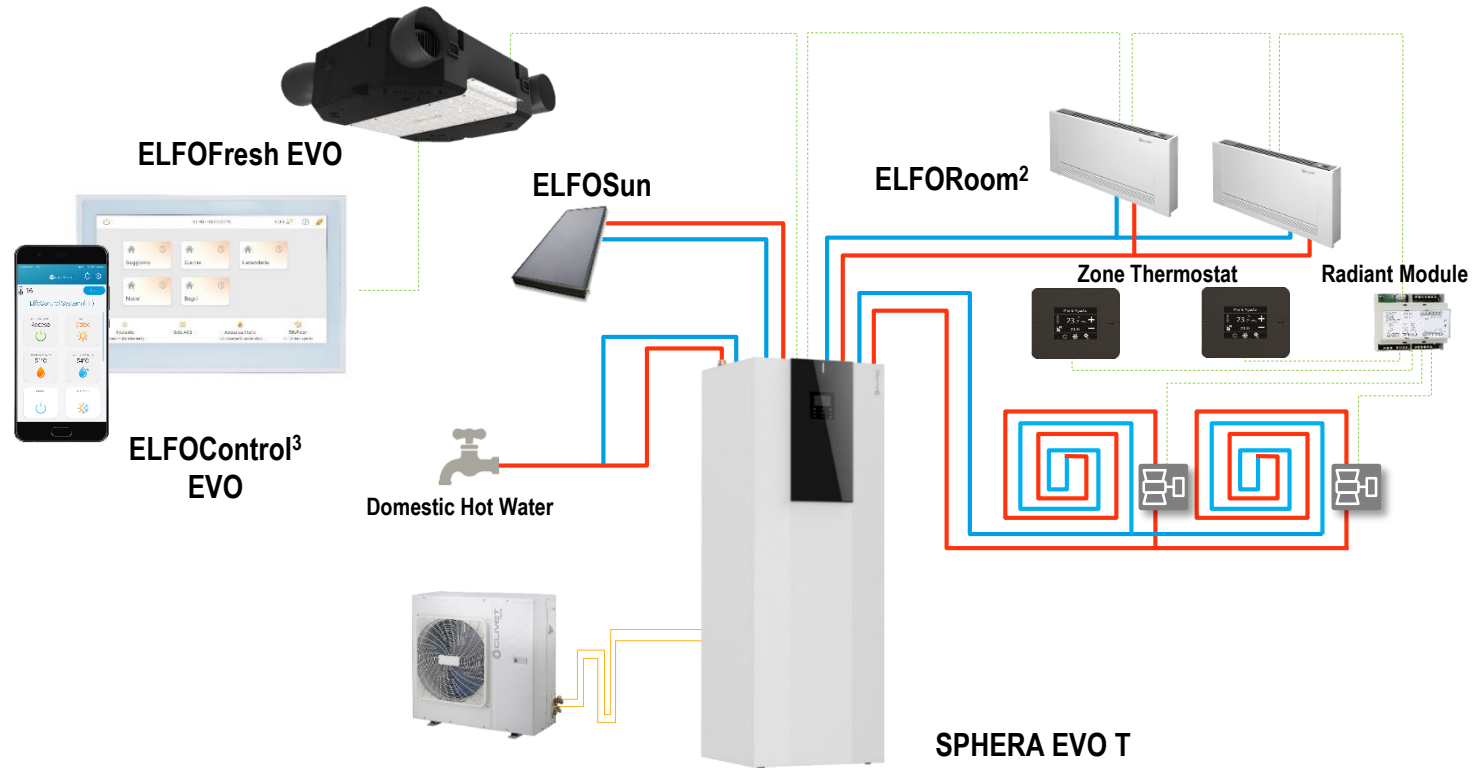

Few commands: easy and efficient

Scheduling and programming for greater optimization of resources, comfort and energy savings.

A UNIQUE COMMON DENOMINATOR

ELFOControl³ EVO : integrated management of the complete system

SYNERGY WITH CLIVET EVO UNITS

- **ELFOFresh EVO** The solution for the total comfort with temperature and humidity control of the air introduced in the environmental, in addition to the air renewal.
- **SPHERA EVO** The integrated system which produces domestic hot water as well as environmental heating and cooling.
- **SHEEN EVO** The new series air to water full DC inverter mono-bloc heat pumps with R32 refrigerant for external installation, available in 6 sizes from 24 kW to 62 kW.

NEW INTEGRATIONS

TERMINALS:

- AURA AC (CFFA)
- AURA DC (CFF)
- ELFOspace BOX3 (CFK)
- ELFOspace WALL3 (CFW)

COMING SOON

AQUA from June 2020

ELFOPack from July 2020

BACKWARDS-COMPATIBLE

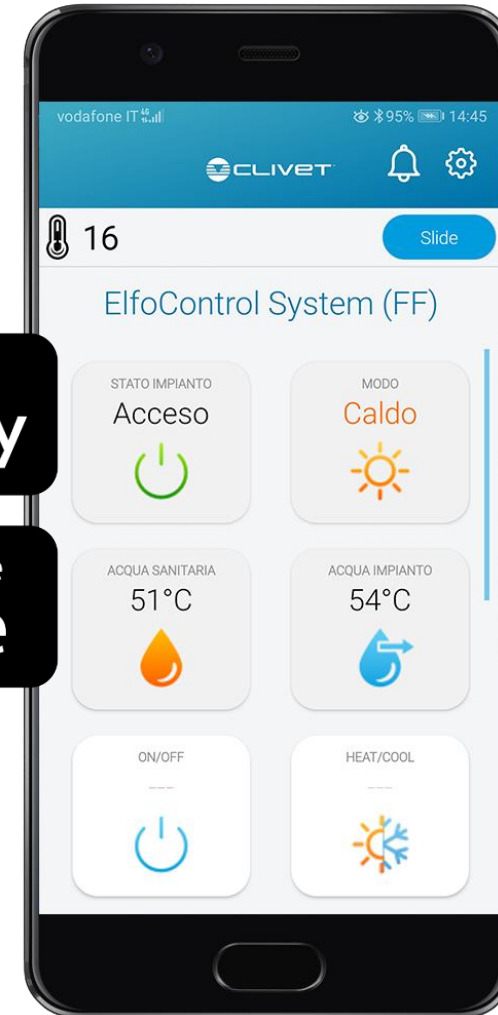

It can be implemented on ELFOSystem with GAIA and SPHERA units prior to EVO version

Upgrade from ELFOControl³ to ELFOControl³ EVO

APP FOR REMOTE MANAGEMENT

ELFOControl³ EVO can be remotely controlled through the App for smartphone and tablet, with the installation of the module for Internet connection.

The internet connection module could allow the remote support of Technical Assistance, through the subscription of dedicated services.

UNIQUE SYSTEM: UNIQUE INTERLOCUTOR

14:26 - 07/02/2020 30.0°C

Attivazione autoconfigurazione

Tipo pompa di calore SPHERA (Sphera, TalkModular)

Numero di unità rinnovo aria - 2 +

Numero di unità ELFOPack

Numero di moduli Fancoil

Numero di moduli di Input/Output

14:28 - 07/02/2020 30.0°C

Moduli di zona multipli

Modulo1

Modulo2

Canale1

Canale2

Canale3

Elemento controllato	Non usato
Modalità d'uso	Caldo/Freddo
Nome	Corridoio
Zona di appartenenza	Camera matr.
Tipo circuito	Non miscelato
Circuito	

14:13 - 07/02/2020 30.0°C

Composizione Impianto

Configurazione

Info

Pompa di calore :

Unità di rinnovo aria :

ElfoPack : Nessun modulo presente

Moduli I/O generici : Nessun modulo presente

Moduli di miscelazione : Nessun modulo presente

Terminali/Moduli di zona :

Moduli di zona multipli :

Modulo acqua sanitaria : Nessun modulo presente

System completely and easy configurable:
System composition Wizard, all the elements available in one Click.

CONCLUSIONS

ELFOControl³ EVO:

- New hardware totally renewed
- Intuitive and ergonomics Graphic Design
- Remote connection and monitoring via APP
- Synergy with Clivet EVO units
- Totally configurable
- Backwards-compatible
